NUMBER 40

## SCORES DEAD IN SUNDAY'S TORNADO

### Thousands Homeless Property Loss Goes Into Millions.

Chicago, March 29.—The death list at the Palm Sunday tornadoes that swept sections of eight states tonight stood at 166.

Telegraph and telephone service with many isolated communities in the Middle West had only been partly restored tonight and indications were that the toll of death and destruction would be augmented.

The known dead in six Central Western States numbered 105, while fifty-five were killed in Georgia and Alabama.

Property loss in the Chicago area alone was estimated at \$6,000,000, while in other States affected the material loss was large.

Elgin, Ill., suffered the heaviest property loss, the damage there being \$4,000,000.

30 Dead in Illinois.

Illinois was the hardest hit of the Central States with thirty dead, more than 1,000 injured and 2,000 made homeless.

Indiana reported thirty-six fatalities and Ohio twenty-six. Eleven were killed in Michigan and one each in Wisconsin and Missouri.

The death list in Georgia was placed at thirty-eight and in Alabama at seventeen.

Districts most severely affected in the Chicago area was Irving Park, within the city limits, with six dead; Melrose Park, nine dead; Elgin, eight dead; Maywood, four dead and Plainfield, three dead.

Heavy property damage resulted in these towns and also in Wilmette and Evanston, North Shore suburbs. No fatalities occurred in the latter places.

At Joliet, Ill., three persons were probably fatally injured, fourteen were seriously hurt and the property damage was estimated at \$500,000.

Troops patrolled the streets of Elgin, Melrose Park and Wilmette today.

Combination of Two Storms.

Henry J. Cox, weather forecaster for Chicago, said the tornado was the result of a combination of two storms. One developed in Alaska, traveled through British Columbia and joined a storm from the Southwest, which developed in the arid plateaus of Southern Arizona and Nevada. This combination, Professor Cox said, resulted in a rotary motion which formed eddies and caused a tornado.

Although the tornado traveled forward at a rate of about fifty miles an hour, the wind at the core of the tornado was estimated to have had a velocity of from 200 to 300 miles an hour.

36 Dead in Indiana.

Indianapolis, March 29.—Latest reports from the storm-swept areas of Northern Indiana place the number of dead as a result of Sunday's tornado at thirty-six. Hundreds of persons were injured in ten counties in the State, and although property damage cannot be estimated, it will be in the hundreds of thousands of dollars. Many persons have not been accounted for.

20 Killed in Ohio.

Columbus, O., March 29.—Twenty persons are known to have been killed, more than fifty injured, and property loss running close to the \$2,000,000 mark caused in Western Ohio during Sunday's tornado.

Drake County, in which the towns of Greenville and Nashville are located, suffered the greatest loss. Eight were killed in the two towns and more than a score were injured. Loss in the upper Miami Valley is estimated to be at least \$1,000,000.

Three persons are known to have been killed in Van Wert and three others at Moulton. John Kachelries, 6, of Moulton, and his sister, Mary, 4, were carried several hundred rods. Both were dead when found. Joseph Lochner, 18, of Moulton, was crushed under a falling house. M. M. Archer, 52, a farmer; George Rader, 35, and Mrs. Lucy Rader, all of Van Wert, were killed when their homes collapsed.

The villages of Renoleets and Brunersburg, near Defiance, were wrecked. Six are dead in the two towns.

Communication with the stricken

communities, either by wire or railroad, has not been established.

55 In Georgia and Alabama. Atlanta, Ga., March 29.—Revised reports tonight from the storm-swept sections of Georgia and Alabama cut down the death list to fifty-five. Lagrange, Ga., suffered most, twenty-six persons being killed there. Eleven were killed at Alexander City, Ala., ten at West Point, Ga., five at Agicola, Ala., and one each at Macon and Minor, Ga., and Cedar Springs, Ala. The number of injured was known to run into the hundreds. After a night of darkness and confusion attendant upon the wreckage of the power plants, the injured at Lagrange and West Point were being cared for in improvised hospitals, with the aid of Red Cross and army officers. Property loss at Lagrange was estimated at \$500,000, with that at West Point said to be hundreds of thousands. As far east as Washington, Ga., the storm caused damage estimated at \$200,000, chiefly in unroofed buildings. Many smaller towns in Georgia reported substantial losses.

### WARD-HOOVER.

Mr. Ellis Hoover, of Barnett's Creek and Miss Edna Ward, of this place went to Owensboro Thursday, March 25, where they were united in marriage, the ceremony taking place at the home of an aunt of the bride, Mrs. O. R. Blansford and Mr. Blansford.

The bridegroom is a son of Mr. and Mrs. J. T. Hoover of the Barnett's Creek country and the bride is a daughter of Mrs. Inez Crabtree, of this place, who was formerly Mrs. A. K. Ward. The newly wedded young people are popular in their sets. They will, for the present, reside with the parents of Mr. Hoover.

## BENNETT, LEVY ON WORKMEN'S BOARD

Frankfort, Ky., March 26.—Alvis Bennett, Louisville, and Clyde Levy, Ashland, appointed by Governor Morrow and confirmed by the Senate as members of the Workmen's Compensation Board, are entitled to the places, Chief Justice Carroll held today, sustaining the Franklin Circuit Court in the suit of Nat Sewell of London and Harry J. Allington, Newport, appointees of Governor Stanley, who sought to prevent their successors from serving.

Sowell and Allington were appointed in 1919, and, as their appointment had not been confirmed by the Senate, Governor Morrow treated them as recess appointees and sent the Bennett and Levy names to the Senate. Both have qualified and will assume their duties at once.

### THE ROWANS RETURN

Mr. and Mrs. A. V. Rowan and their son, Ney, who have been spending some time in Crescent City, Florida, returned to their homes near Heflin, Wednesday morning. Mr. R. A. Rowan also returned to his home in Livermore, at the same time. Mr. Steve Rowan, a brother of A. V. and R. A., who also wintered in the Florida city, returned to his home in Wray, Col., some two weeks ago. He was summoned home on account of the death of a little grandchild. His son, who also made the trip South, returned to Colorado, about a month ago.

## NEWBERRY REFUSES TO SIT PENDING ACTION

Washington, March 29.—Senator Newberry, Michigan, who returned here today, will not resume his seat in the Senate until questions as to his status arising from his conviction in the Michigan election conspiracy cases have been disposed of.

"I shall not resume my activities in the Senate," he said, "until all matters growing out of the proceedings in Michigan are cleared up."

The Senator did not appear today at the Capitol. He was understood to have conferred with some Republican leaders and will return to Michigan for the Easter holidays without any definite plan as to when he will be back in Washington.

Democratic Senators who were active in pressing for investigation of the Michigan senatorial contest admitted that they had been prepped should Mr. Newberry have appeared in the Senate to seek expulsion on ground of his conviction on a criminal charge.

## SUFFRAGE LOSES IN MISSISSIPPI

Vote 94 to 24 Against With Bryan And Cummings Pleading For Ratification.

Jackson, Miss., March 31.—Mississippi is lost to suffrage. The lower house late today rejected the federal equal suffrage amendment by a vote of 94 to 24. The Senate had adopted the resolution yesterday and suffrage leaders had hoped favorable action would be taken by the House.

The resolution was taken up this afternoon. Speaker Connor permitted it to be brought up for direct action without reference to the committee. National Democratic leaders urged that it be passed without delay. Homer S. Cummings, of the National Democratic Committee, telegraphed Speaker Connor, pointing out that defeat of woman suffrage would be disastrous to the Democratic party.

"I regard it as intensely important that the Democratic party enfranchise women before the next national election for the sake of our party and the nation," he said.

William J. Bryan telegraphed, calling attention to votes of women in the Western states four years ago. He said votes of women were needed to "safeguard prohibition, defend militarism and insure world peace."

### SENIORS OF BEAVER DAM HIGH SCHOOL IN HARTFORD

The Senior Class of the Beaver Dam High School formed a Theater Party at the Star Friday night. After witnessing Bessie Love in "A Yankee Princess" the Beaver Dam Students were entertained at the Commercial Hotel by the Senior Class of the School here. Sandwiches, chocolate, cream and cake were served and a most enjoyable time was had by all present.

Let these neighborly visits come often, in this character of intercourse the spirit of good feeling and fellowship is created and fostered. These two schools can be of material assistance to each other, in many ways, and no better method to open up the channel and give us the vision can be devised than that of friendly intermingling.

### LOUISVILLE MARKETS

Cattle—Prime heavy steers \$12 @ 12.50; heavy shipping steers \$11 @ 12; medium steers \$10 @ 11; light steers \$9 @ 10; fat heifers \$8 @ 11.50; fat cows \$7 @ 10; medium cows \$5.75 @ 7; cutters \$5 @ 5.75; canners \$4.50 @ 4.75; bulls \$7 @ 10; feeders \$8 @ 10.25; stockers \$7 @ 9.50; choice milk cows \$9 @ 120; medium \$70 @ 95; common \$50 @ 76.

Calves—Market weak and 50c decline noted. Best veals \$14 @ 14.50; medium \$8 @ 10; common \$5 @ 6; light calves under 110 pounds slow sale at extremely low prices.

Hogs—Trade active and prices established on a steady basis all thru the list. Best hogs, 250 pounds up to \$5; 165 to 250 pounds \$16; 120 to 165 pounds \$15.50; pigs \$11 @ 13; throwouts \$12 down.

Sheep and Lambs—Prices unchanged. Best sheep quotable at \$7, bucks \$6 down; best lambs around \$15; strictly good kinds sold considerably above this figure; lighter kinds \$10 @ 12.

### Produce Markets.

Local produce dealers quote buying prices as follows, net to shippers, the shipper paying freight and drayage charges:

EGGS—Candled 38 @ 39c dozen. BUTTER—Country 30c lb. POULTRY—Hens 30 @ 31c lb.; large spring chickens 25 @ 31c lb.; small spring chickens 24 @ 35c lb.; old roosters 15c lb.; stags 20c lb.; ducks 22 @ 25c lb.; turkeys 35c lb.; geese 14 @ 16c lb.; guineas 35c apiece.

### MRS. FRANK SHOWN.

Mrs. Frank Shown died at her home in Owensboro, Wednesday night from an attack of spinal meningitis. After funeral services at St. Stephen's Church, at 9 o'clock this morning interment of the remains will take place in the Catholic Cemetery, at Owensboro.

Mrs. Shown was formerly a Miss Rhoads, whose home was in Owensboro. Besides her husband, who is a son of Mr. and Mrs. Isaac Shown, of near Hartford, she is survived by four children.

## A. C. A. BEING SUED BY STOCKHOLDERS

Twenty-one suits have been filed in the Circuit Court Clerk's Office by subscribers for stock in the American Co-Operative Association, Cromwell Branch, for the cancellation of their stock, return of subscriptions, together with the refund of money paid in, with interest thereon.

The petitions charge misrepresentation and failure of the Corporation to comply with promises made by promoting agents at the time when subscriptions were solicited and purchases of the stock were made.

It is stated that a dozen other suits will be filed at an early date by individuals who subscribed for stock in the Cromwell branch of the Association.

The "A. C. A." is a Wisconsin Corporation with a chain of stores scattered about the Country, promoted chiefly among the agricultural class, supposedly for the benefit of stockholders as its name would imply. The concern has three houses in this County.

### INFLUENZA'S RAVAGES

The home of Birch Martin in the Central Grove community has been the scene of much sadness recently. There were two families in the home when the flu appeared and eleven cases developed.

One member of each family succumbed within two days time: Birch Martin, who is survived by his widow, three children, his aged mother, two brothers and one sister. Mrs. Ida Tichear, being the next to go, is survived by her husband and three small daughters, one of whom is very low at this time. Mrs. Martin, mother of the deceased, who were brother and sister, is also dangerously ill.

### MRS. W. H. DUVAL

Mrs. Uisa Duval, wife of W. H. Duval, died at her home near Horse Brauch, March 25th, after an illness of long duration of tuberculosis. In testament of the remains took place at the Arnold Burying Grounds, on the following afternoon.

The deceased lady was a devout member of the M. E. Church and held in high esteem by all who knew her. Besides her husband she is survived by one daughter and two sons.

## MARCH HONOR ROLL OF HARTFORD HIGH SCHOOL

Senior Class  
Amelia Barnett, Ethel Binkley, Mary Warren Collins, Martha Pate Mount Rhoads.

Junior Class  
Margaret King, Flora Rhoads, Gertrude Schlemmer, Freeman Schapmire.

Sophomore Class  
Ernestine Ralph, Geneva Travis, Carrie McKinney, Melville Rhoads, Mary Lindley, Bessie Clark, Gola Bennett, Helen Barnett.

Freshman Class  
Otis Ashby, Emily Bell, Ersell Bennett, Hulbert Crowder, Lorene Westerfield, Lucile Westerfield, Sallye L. Williams, Dick Williamson.

## GEOLOGICAL SOCIETY CHOOSES ITS OFFICERS

James Hudnall, Riverside, was elected president of the Shaler Geological Society of the University of Kentucky for the ensuing term at the last meeting of the club.

The other officers elected were: LaFayette Herndon, Fulton, vice president; Glenn Tinsley, Hartford, secretary; and Walter Morris, Lexington, treasurer.

The society is composed of major students in Geology at the University.—University Bulletin.

## FIVE YEARS IN PRISON GIVEN DRAFT DODGER

New York, March 30.—Grover Cleveland Bergdall, the wealthy young Philadelphia draft evader, was sentenced today to five years' imprisonment at hard labor at the United States Disciplinary Barracks at Governor's Island.

Bergdall, who for nearly two years eluded the government agents during the war and tried by a military court-martial for desertion under the Fifty-eighth Article of War, was also sentenced "to be dishonorably discharged from the United States army and

to forfeit all pay and allowances due and to become due."

The findings of the court were approved by Lieut. Gen. Robert Lee Bullard, as commander of the Eastern Department. He designated Governor's Island as the place of confinement and decreed that the sentence begin today.

Lieut. Col. Cresson, trial judge advocate in announcing the sentence declared the sentence alone can stay Bergdall's prison term.

Harry Weinberger, Bergdall's cousin, on hearing the sentence, said he will ask for a writ of habeas corpus to take Bergdall out of the hands of military authorities and get the case into civil courts. Mr. Weinberger said he would appeal to the United States Supreme Court if necessary.

## SOCIAL CLUB MEETS WITH MRS. COLLINS

The Ladies' Social Club was entertained by Mrs. R. T. Collins at her home Friday afternoon, March 26th. A number of games of progressive rook were enjoyed at the close of which refreshments, consisting of dainty salads, were served, and altogether the meeting was a most delightful one.

In addition to the regular club members, Miss Myrtle Maddox was an honor guest attending.

## ALLIES ACCEPT PLAN TO INTERNIER WILHELM

London, March 30.—The allied Powers have accepted Holland's last note regarding the former German Emperor, according to an Amsterdam dispatch to the Daily Mail.

The Dutch Government March 5, for the second time, refused to deliver the former German Emperor to the Allies for trial. This determination was set forth in a note addressed to the British Premier, which, however, declared that the Dutch Government would take all necessary measures to minimize the liberty of Wilhelm and prevent him from endangering the world's peace.

The communication stated that precautions to this end would be taken "on the spot." It was assumed that this meant that a close guard over the former German Emperor and a strict censorship would be instituted while Wilhelm occupied his estate at Doorn.

## WOULD PAY CONTRACTORS WHO LOST IN RIVER WORK

Washington, March 30.—Senator A. C. Stanley, of Kentucky, today introduced a bill for the relief of contractors on river improvement work who lost heavily as a result of the rise in the price of labor and materials following the entrance of the United States into the World War. The Stanley bill directs the secretary of war to ascertain what contracts entered into before April 6, 1917, but not completed by that date, became inequitable because of unforeseen advance in costs, and to determine what amounts, if any, should be paid to the contractors in addition to the amounts provided in the contracts. The Stanley bill was introduced following the arrival here of W. J. Webb, of Mayfield, Ky., and associates who lost in the construction of a levee at Hickman.

## COMMITTEE VOTES TO OUST SOCIALISTS

Albany, N. Y., March 29.—Unseating of the suspended Socialist members of the Assembly will be recommended in a report to be submitted tomorrow to the Assembly by the Judiciary Committee, which investigated the charges of disloyalty against the Socialists.

This decision was reached at an executive session of the committee late tonight. The majority report will be signed by seven of the thirteen members.

Five members of the committee have signed a minority report, declaring that the Socialists should be returned to their seats. Another member will recommend expulsion of August Claessens, Louis Waldman and Charles Solomon, and the sentencing of Samuel Orr and Samuel A. DeWitt.

### NOTICE

I will be away from my office the 7th, 8th, and 9th days of April. Any-one wanting dental service don't come on these dates.

DR. J. R. PIRTE.

## GREAT THRONGS VISIT SCENE OF LYNCHING

### Roads Leading To Place Where Negro Was Hanged Blocked.

Paris, Ky., March 30.—A Paris newspaper man, who had followed the trail of the men who took the negro, Grant Smith, from the officers here last night and started toward Fleming County, where the crime was committed, found at 3:30 o'clock this morning the dead body of the negro suspended from the cross-arm of a telephone pole on the Maysville pike, six miles from Mayslick, alone and swaying in the wind.

Altho his captors left Paris at 6 o'clock with their victim, Smith was not hanged for several hours. His captors seemed to have in mind the new law, which provides that the penalty for rape shall be hanging in the county in which the crime was committed.

The negro was taken to a point near Mayslick, Mason County, but within the borders of Fleming. On his way to the scene of the execution Smith is said to have made a full confession to his captors, admitting he had forcibly taken advantage of the young girl on two occasions and that "he didn't know why he did it."

Prays Five Minutes.

When the self-appointed executioners arrived at a point six miles from Mayslick, they were met by the delegation which had been on watch in Maysville. The two parties combined and the negro was asked if he had anything to say. He asked for time to pray and was granted five minutes. Those who heard the prayer say he confessed his sins to God, asked to be forgiven and then told those personally in charge of him that he was ready.

A hangman's noose, made from a piece of new rope was placed around his neck. Some one in the crowd had brought along a pair of climbers, used by telephone linemen. Taking the end of the rope he rapidly climbed the pole, threw the end over the cross-bar and as he was descending the pole the negro's body was being hoisted to a distance of twenty feet.

Dog Watches Over Body.

Smith slowly strangled to death. He was muttering, "Lord forgive me" as the rope tightened about his neck, shutting off his power of speech. As soon as the negro was dead, the party dispersed, going in opposite directions. The dead body of the negro was left with only a baying dog as its companion.

From early daylight until 10 o'clock this morning the road leading to the scene of the lynching was blocked with vehicles of all descriptions, many coming from Lexington, Paris, Maysville and other river points. At 10 o'clock the coroner of Fleming County arrived, and with the assistance of several men, cut down the body, placed it in a wooden box and took it to Flemingsburg, where it will be buried by the county. Smith is survived by his wife and four children.

## MISSION BOARD IN SESSION TUESDAY

The Ohio county Baptist Mission Board held its regular monthly session at the local Baptist Church Tuesday. In the absence of the President, Rev. D. Edgar Allen, Rev. Birch Shilds presided. Others present were: Rev. Russell Walker, Secretary; H. C. Truman, Fordsville; R. E. Fuqua, Hartford; M. G. Snell and Oscar Ashby, Central Grove; and Messrs W. P. Hoagland, Clear Run; N. A. Brown, of Cool Springs; J. G. Christian, Horse Branch; W. I. Igleheart, Central Grove and C. P. Keown, Hartford, lay members.

### EASTER SERVICES.

There will be special Easter Services at the Methodist Church in Hartford next Sunday.

Every one is cordially invited to attend these services. A hearty welcome to all. Come and bring your friends with you.

Morning service at 11 o'clock. Evening service at 7:30 o'clock.

Let us also urge that you make a special effort to attend Sunday school on this day.

E. WATT SMITH, Pastor.

but other advertisements, 1c per  
word.

Anonymous communications will  
receive no attention.

## TELEPHONES

Farmers Mutual..... 59  
Cumberland..... 123

FRIDAY.....APRIL 2

Senator Borah is entirely too busy  
with the affairs of other prospective  
candidates for President to do much  
running in his own behalf.

Bryan continues to draw short arm  
jabs and upper cuts from the Demo-  
cratic Press. He may be outpointed,  
but they seem unable to knock  
him out and he is more than apt to  
be swinging rather groggy before the  
big mill is over, in Frisco.

Lack of co-operation with, and  
wholly ignoring the U. S. Senate and  
its views in matters of peace, or rather  
future policies of the United States,  
upon the part of President Wilson  
is solely responsible for the failure  
of the League and his so-called humi-  
liating defeat. The Country  
ought to rejoice that one man is no  
longer Lord of all of our land.

When a Republican is found who  
favored the adoption of the League of  
Nations he is hailed by the Demo-  
cratic Press as a free thinker and a pa-  
triot. When the majority who op-  
posed the ratification is spoken of  
they are designated as despoilers, un-  
patriotic, profligate partisan haters  
of Wilson. Might not the minority  
have at least a small speck in its own  
eye?

The dismal failure of that mob in  
Lexington some time ago was atoned  
for by the mob at Paris on the night  
of the 28, when it took from officers  
the negro, Grant Smith, and hanged  
him in neatness and with dispatch.  
Both white and black who are gully  
of the crimes charged, personally de-  
serve the worst possible to mete out  
to them. But it is a pity that the  
negro mobbed was not in the hands  
of that bunch who upheld the law in  
the Lexington case.

At last Herbert Hoover says he  
will accept the Republican Nomina-  
tion for President if tendered him, or  
maybe, demanded of him, or words  
to that effect. We hardly think that  
the Party will draft him, although  
his ideas expressed in his statement  
to the California Republican Club are  
not bad by any means. He appears to  
be a tolerably good middle grounder.  
Hoover's chief political sin, from a  
G. O. P., standpoint appears to be  
that of 1918, wherein he is charged  
with having aided in the effort to  
elect a Democratic House and Senate.

In sizing up prospects for the Re-  
publican Nomination for President,  
Governor Lowden, of Illinois, meas-  
ures nearer to our ideal than any  
of those prominently mentioned. As  
our information goes, he was born  
a country boy, spent his early life as  
a barefoot farm boy and therefore  
knows from actual experience what  
so-called common life is. No man  
could have attained his success, cov-  
ering a range of poor farm life, coun-  
try school teaching and from that up  
to Chief Executive of the second  
State within the Union, except he was  
endowed with energy, good sense  
and all-round ability. His honesty  
and sterling integrity have never been  
questioned. His ability to clean up  
affairs in Illinois and to give to that  
State a government regarded by the  
rest of the Country as model in form,  
thoroughly demonstrates the fact that  
he is big and broad enough to serve  
this Nation as Chief Magistrate, im-  
bued with that spirit of middle-  
western life, his Americanism is from  
the core out—a man whom the East  
can implicitly trust; whom the South  
greatly admires and beyond doubt  
one whom the West will be glad to  
further honor and support as head  
of the National Ticket if made the  
Republican Standard Bearer this fall.

Some time ago we stated in this  
column that we were against the

Moonlight, or Evening School Bill, as  
proposed and introduced in the late  
Legislature. We asked our neigh-  
bor, the Herald whether it favored  
or was opposed to the bill. In the  
current issue it simply states that it  
favors the education of adult illiter-  
ates. Of course it does, so does ev-  
erybody, including our humble self,  
but we do not stand for the creation  
of a separate department of Educa-  
tion to handle the matter, knowing or  
believing that more than one-half of  
the \$75,000 appropriation asked for  
by its sponsors would be consumed by  
the head and various sub-heads, in  
salaries, traveling and other ex-  
penses, when the whole business  
could be easily handled by the present  
Educational establishment, for  
practically no additional expense. It  
looked to the writer as though some  
parties were hunting for a fat, soft  
place in which to nest. \$100,000  
spent by this proposed Educational  
Commission would have done, in our  
opinion, about as much good as one  
dollar spent in the interest of the  
"kiddies and youth of the State." We  
don't have sufficient funds to pay  
our teachers for the work they are  
now doing and why try to broaden  
their labors by the expenditure of  
funds where not more than 30 to 50  
per cent of it could possibly hit the  
spot? Mrs. Cora Wilson Stewart to  
the contrary, notwithstanding.

## MOTHER SLAYS FIVE CHILDREN, KILLS SELF

Elk City, March 31—With their  
heads crushed and their throats cut,  
five small children of Mr. and Mrs.  
Elmer Cowart were found dead to-  
day in a tent in which they had been  
making a temporary home three miles  
south of here.

The wife and mother lay beside  
the children with her throat slashed.  
An ax, razor and butcher knife, all  
bloodstained, were found in the tent.  
Screams of the children attracted  
a man plowing a field nearby, but  
all the children were dead before he  
reached the tent and the mother had  
succeeded in slashing her own throat.

Mrs. Cowart was rushed to a hos-  
pital here, but physicians hold out  
but slight hope for her recovery.

## IN LOVING MEMORY

Mrs. Rachel Francis Johnson was  
born July 28th, 1842 and died March  
24th, 1920. She was married to Wil-  
liam Johnson February 2nd, 1871,  
to this union were born seven sons  
and one daughter, who are all liv-  
ing. She joined the Oak Grove Bapt-  
ist Church in 1866 and in 1887 she  
moved her membership to Wood-  
ward's Valley Baptist Church. Here  
she lived a Christian life until called  
from labor to reward. She exempli-  
fied pure religion in visiting and min-  
istering to the wants of the sick. She  
was a remarkably industrious woman,  
for though confined to her bed for  
three and one-half years she contin-  
ued to work and spent much of her  
time in knitting for the soldiers and  
others. She bore her afflictions  
well, never complaining but always  
saying "Let the Lord's will be done,  
bless the name of the Lord."

Her husband and children appro-  
priately dressed her body in spotless  
white and placed it in a white casket,  
which to my mind represents Revela-  
tions 7:14, "These are they which  
came out of great tribulation and  
have washed their robes and made  
them white in the blood of the Lamb."

After funeral services by the writ-  
er we buried her body in the Carson  
Cemetery.

REV. R. D. BENNETT.

## FOR SALE.

One-wheel Road Scraper, large  
size \$15.00.  
One Saw Table, with 1 1/2 in. Arbor,

A. W. LOGAN,  
Hartford, Ky.

In 1898 Gen. Nelson A. Miles,  
Chauncey M. Depew and John Jacob  
Astor were judges of the second au-  
tomobile contest held in this coun-  
try.

## POULTRY RAISERS ADVISED TO WAIT FOR ADVANCE

We feel a certain pride in the fact  
that we are largely responsible for  
the development of the poultry and  
produce market of this section to the  
high standard that is now maintained.  
For many years we have made every  
effort to find the very highest mar-  
kets, so that we have always been  
able to pay the highest cash prices  
that you are able to secure anywhere.  
We sincerely thank you for your pa-  
tronage that has enabled us to do this  
and invite a continuance of your  
trade. Just now, we would advise  
you to hold your poultry a few days  
and get the eggs. We are of the  
opinion that prices will be higher  
soon.

W. E. ELLIS & BRO.

## STRAY STREAKS

(By Fluke McFluko.)

Ben Taylor says it's not old age  
that made him forget to go to dinner  
the other day, but simply a case of  
being busily engrossed with the work  
of boxing up his things preparatory  
to moving.

...

That bunch of K. P.'s who made the  
pilgrimage to Owensboro the other  
day, left here a dry gang, but we are  
not saying that they either remained  
or returned in a parched condition  
as they had Bat Nall and Pearl Twed-  
dell with them and if there was a lid  
anywhere in the Yaller Banks to be  
cracked, you can figure that that pair  
of birds found it and did it.

...

That cow of George Jones' that  
dropped dead immediately after  
Jones fed her, a few days ago, maybe  
died from surprise or was it disap-  
pointment? George did not tell us  
whether he got the bran from Char-  
lie Carden or Squire Dean, or per-  
haps she was not used to being fed  
at all. Looks like a good case for  
investigation to determine whose saw-  
dust and excelsior it was.

...

The smell of wood and weed smoke  
is everywhere, the air is full of it,  
it floats through our window even  
at night. Sometimes it is heavily la-  
den with rubber, old shoes and chick-  
en feathers. It makes us think of  
the time when we were a boy, some  
ten years ago, or more. Only the  
burning leather was a hot strap in  
Dad's good right hand, and rubber,  
that's what we did when Dad got  
through.

...

Capt. Cox was down town the other  
morning saying as how he wished he  
could find his hoe and other garden  
tools so he could tear up and plant  
his garden. We told the Captain  
that we would gladly convey that in-  
formation to Mrs. Cox and felt sure  
that she would manage to see that  
the tools were supplied. Thereupon  
the Captain, with a right smart  
promptness and we thought some  
show of indignation says, "by-gum  
you just let the matter rest where it  
is, don't bother yourself to meddle  
with my wife's affairs."

...

The Board of Directors held a  
meeting here Saturday and notified  
me that I would be expected to take  
a week or ten days off about the first  
of May. I axed them how they fig-  
ured the paper would come out if  
I did that. They said they had dis-  
cussed that phase of the question  
and from complaints filed with them,  
they had decided that the subscrib-  
ers were as much, or perhaps more,  
entitled to a week's rest as I was. I  
asked the Devil what he thought the  
Board meant by rest for the subscrib-  
ers and all I could get out of him was  
a snigger or two.

## FARM FOR SALE.

Consisting of 240 acres, near Bald  
Knob Church, will sell all or divide  
to suit purchaser. For terms see  
J. H. DAVIS, L. T. DAVIS or WAR-  
REN SHIELDS. 39t6p

## PERSONAL NEWS AND SOCIAL EVENTS

There has been another advance  
on Owensboro Wagons, but we have  
a few jobs in stock that we can sell  
you at the price that they will cost  
us when we replace them.

39t2 ACTON BROS.

Mr. Ben Taylor, who has spent the  
last several years here, left yesterday  
for Birdseye, Ind., Mr. Taylor has  
not, so far, decided as to where he  
will locate or as to what he will en-  
gage in.

Mr. C. I. Maxey has sold his resi-  
dence here, to Mr. Riley McDowell,  
of Rockport. Mr. and Mrs. Maxey  
will leave at an early date for Akron,  
Ohio, where they expect to reside in  
the future.

George P. Jones, of the Washing-  
ton country lost a fine milch cow,  
Monday evening. Mr. Jones had just  
fed the cow which was in apparent  
good health, when she dropped dead  
while eating.

Did you know that where others  
have 30 to 40 disks the Sharples Sepa-  
rator has none? It has only three  
working parts, 1 BOWL, 1 BOWL  
BOTTOM and 1 DIVIDING WALL.  
For sale by WILLIAMS & DUKE.

Mrs. Ben F. Bartlett and daughter,  
Mrs. Eliza Blondian, of Evansville,  
Ind., passed through Hartford yester-  
day morning, enroute to the Taffy  
community, where they will visit  
relatives and friends for some time.

Mr. E. D. Turley, of Chicago, Ill.,  
who was called to Rockport last week  
on account of the death of his father,  
visited Mr. and Mrs. A. J. Williams,  
of this place, while in the County.

Mr. Turley returned to Chicago Sat-  
urday.

Our subscribers and friends who  
happen to have news items of interest  
will not only very greatly oblige us  
but confer a favor upon their absent  
friends and relatives by reporting  
such items to this office, when con-  
venient.

Messrs James and D. B. Hancock  
left here Monday for Desdemonia,  
Texas, where they go to load and ship  
to Letchfield, Ky., an oil well drill-  
ing outfit. They will return in  
about two weeks, driving through in  
an automobile.

WE BUY, raise and sell fur-bearing  
rabbits and other fur-bearing ani-  
mals. Place your order with us,  
and list what ever stock you have  
with us, stating lowest flat prices  
on large shipments. Address 515-  
517 N. P. Ave., Fargo, N. D. m

Mr. John T. King went to Hender-  
son Saturday, returning Monday, ac-  
companied by Mrs. King, who had  
been spending a week with their  
son, Mr. Charlie King and Mrs. King  
in that city. They brought their lit-  
tle grandson, Billie, home with them.

Judge Jno. B. Wilson, W. H. GIL-  
espie, A. I. Nall, and A. K. Anderson,  
of this place, and P. D. Tweddell,  
of Noreek, all members of the local  
Lodge Knights of Pythias, attended  
a district convention of that order in  
Owensboro Tuesday afternoon and  
night.

Hon. H. P. Taylor, who has been  
in Florida during the past six weeks,  
returned to his home here Tuesday.  
Mr. Taylor spent the major portion  
of the time in Jacksonville. He re-  
ports a pleasant sojourn in the land  
of ever-blooming flowers and bright  
sunshine.

Lola Jane, little daughter of Mr.  
and Mrs. L. T. Riley is spending the  
week with her aunts, Misses Hettie  
and Ruth Riley, in Owensboro. She  
will return home Saturday accom-  
panied by Mrs. W. E. Ellis, who has  
been in Owensboro some ten days,  
taking treatment for neuritis.

Mrs. C. E. Smith returned Tuesday  
evening from Moberly, Missouri,  
where she had been for several weeks  
on account of illness of her sister,  
Mrs. C. W. Evans and son. After  
Mrs. Smith arrived at Moberly Mrs.  
Evans' son developed scarlet fever  
and all were placed under quaran-  
tine, which was not removed until  
March 29th.

Have you a child in your home  
about 10 or 12 years old. He or she  
can operate a Sharples Separator as  
well as an older person, the only dif-  
ference you will get thru quicker than  
a child for you will turn faster than  
the child. For a Sharples is GUAR-  
ANTEED to get all the cream at any  
speed. Call or write WILLIAMS &  
DUKE for a free demonstration.  
31-tf Hartford, Ky.

D. L. D. SANDEFUR,  
Beaver Dam, Ky.

## TRANSFER SERVICE!

I ask the patronage of the citi-  
zens of Hartford and the traveling  
public in general for the following  
reasons:

During the past 3 years I have  
tried to serve you well and have  
made regular trips between Hartford  
and Beaver Dam, rain or shine, sum-  
mer and winter, good roads and bad.

Others have not made regular  
trips and only serve you in good weath-  
er.

I charged you only 50c and war  
tax, through the winter just the same  
as in summer.

Others are charging 75c.  
I have never failed to give Hart-  
ford a good word or do its citizens a  
good deed whenever the opportunity  
presented itself.

My cars leave Hartford at the fol-  
lowing hours: 4 a. m.; 9:40 a. m.;  
12:30 p. m.; 2 p. m.; and 7 p. m.  
Hartford headquarters at Cashier &  
Taylor's Restaurant.

I sincerely thank you for the many  
favors of the past and cordially in-  
vite your patronage for the future.

40tf J. E. CURTIS.

## FOR SALE.

My house and lot in Hartford, Ky.  
The price is right.  
30tf LOUIS T. RILEY.

## IN MEMORY OF MRS. VIRGINIA L. BLACK

Mrs. Virginia Lesteria Black was  
born June 2nd, 1843, and died March  
19th, 1920. She was married to  
Henry Thompson Black Jan. 6th,  
1864. She had been an acceptable  
member of the Methodist Church  
since about 1865. She is survived  
by two sons and three daughters. She  
had been in poor health for six years  
before she died but endured her af-  
flictions patiently. As a Christian  
she was quiet and meek.

During the years of her failing  
health her unmarried daughter cared  
lovingly for her. We do not wonder  
that this daughter shouted at her  
mother's funeral feeling that in death  
mother had gained release from the  
suffering of earth and had exchanged  
them for the joys of heaven.

After funeral services conducted

by the writer, the remains were  
buried in the Milton Taylor grave  
yard.

In 1896 Barnum & Bailey announ-  
ced that they would exhibit a horse-  
less carriage.

## FARMING IMPLEMENTS, ETC.

The Mogul Tractor, Deering Mow-  
ers and Rakes, International (Os-  
borne) Disk Harrows, peg tooth Har-  
rows, one and two row Hoosier Corn

Coming! A large shipment of Iowa seed Corn, Boone County White, Reed's Yellow Dent, St. Charles Red Cob, and we also have the home-grown Missouri Prolific.  
3914 W. E. ELLIS & BRO.

# THE DE LAVAL CREAM SEPARATOR

Brings Prosperity to the Farm

More De Laval in use than all other makes combined. It is the WORLD'S STANDARD. With the coming of Spring, the freshening of the cows, and the coming on of the grass, you can make your milk cheaper and there is therefore no better time than RIGHT NOW to buy that De Laval. If you are thinking of buying something cheaper, better ask some of your neighbors who have already tried them and then purchase a De Laval. Just use your best judgment, then call us for a demonstration.

Our implements are moving faster than usual. We have already sold cultivators, which is a little unusual, but we believe that it was wise and suggest that in as much as it costs you no more to purchase early, that you let us have your order for anything that you might need in the implement line, so that we can hold it for you. You know the market conditions as well as we, so again we advise you to use your best judgment. Come in and look through our line. It costs you nothing to look and it might be the means of saving some money. Remember the 5 per cent cash discount. This is the place where your money buys the most.

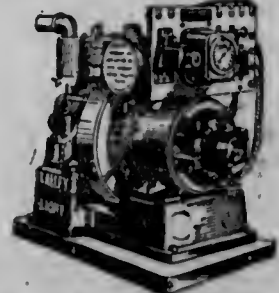

**J. D. WILLIAMS & SONS**  
BEAVER DAM, KY.  
BOTH PHONES.

## LALLEY LIGHT and POWER

### It is Costing You Money Not to Have a Lalley

It is an actual fact that any farmer is losing money by not having Lalley Electric Light and Power. You lose money in the comfort and convenience which the Lalley would give you and your family. You lose money in the time the Lalley would save in the farm work. You lose money in the labor the Lalley would actually save. All these things are worth money; and if you do not economize in them, you are the loser. The Lalley IS an economy. It DOES pay for itself by what it saves. It IS an investment, not merely an expense. Thousands of Lalley-Light owners know these things are true, and they have said so over and over again. There can be no doubt now, after ten years of use, that the Lalley plant is right. Neither can there be any doubt that it does its work with extraordinary efficiency and extraordinary economy.

Lalley-Light is a complete unit—engine and generator—with 16-cell storage battery. It supplies ample electricity for lights, water pump, washing machine, sweeper, cream separator, fanning mill, iron, etc.

**Fordsville Planing Mill Co.**  
JAKE WILSON, Manager  
FORDSVILLE, KENTUCKY.

## LALLEY-LIGHT

THE ELECTRIC LIGHT AND POWER FOR EVERY FARM

Mrs. Rachel Shultz has returned to the home of her parents, Judge and Mrs. J. P. Sandefur, after spending the winter in Charlotte, N. C., and St. Petersburg, Florida.

Miss Kennedy Collins has been doing stenographic work for Barnes & Smith in the absence of Miss Myrtle Lashbrook, who is confined to her home on account of illness.

Mr. Sam Riley, who for the past several weeks has been employed as night clerk at the Bell Hotel, Owensboro, visited his family here Tuesday evening, returning Wednesday.

Miss Marilissa Foster, of lower Noreek, was the guest of Mr. and Mrs. Ellis Foster and Mr. and Mrs. O. D. Carson here this week. Miss Foster will go to Bowling Green next week, where she will enter the State Normal School.

### BARRED PLYMOUTH ROCKS BRED TO LAY AND VEGET

With eighteen years experience and constant attention to size, shape, color and egg production, I feel warranted in claiming a standard Barred Plymouth Rock yard, and to improve my flock, I have just received from Holterman's "Aristocrats," from the yard at Fort Wayne, Ind., for which I paid \$15.00. This bird is mated to 12 selected hens and will produce some wonderful results. Eggs from this mating, \$1.25 per 100 eggs. \$5.00 for 100 eggs. Quail eggs will be filled in the order they are received and eggs shipped when desired.

I also have 40 hens and 4 cockerels of my own breeding, selected and mated to produce splendid results. Eggs from this mating, \$1.25 per 100 eggs. \$5.00 for 100 eggs. Quail eggs will be filled in the order they are received and eggs shipped when desired.

Book your orders now and ready for early hatching.  
JOHN B. WILSON, Hartford

## FARM DEPARTMENT.

### Make Every Farm Feed Its Stock.

The production of enough feed for its family live stock, work stock, and commercial live stock is second in importance only to producing food for the family, is the opinion of the United States Department of Agriculture. Farm management studies in the Southern States indicate that the most profitable farms not only produce the necessary farm feeds but have a surplus of them to sell, and that the live stock is usually of better quality and better grade on the farms producing a surplus than on farms where staple feeds are bought. These facts are brought out in a series of 16 tests formulated by the Department of Agriculture to show whether or not a farm is being efficiently managed.

The average farm family, made up of five adult persons or their equivalent, requires for its proper maintenance 2 cows, 40 fowls for furnishing eggs and poultry meat, and 1 pig for each adult person or his equivalent. Enough calves should be raised to replace each cow reaching the age of 8 years. This family live stock, it is calculated, will require 1 ton of corn and cob meal, 1,234 pounds of cottonseed meal, 55 bushels of corn, 40 bushels of oats, 4,200 pounds of cowpea hay, 2,100 pounds of oat hay, 4,200 pounds of corn roughage, green forage from 2 acres, and 5 acres of pasture or their equivalent. A fair provision to a head for work stock is 60 bushels of corn, 40 bushels of oats, and 3 tons of roughage. The arrangement of crops and pasturage to meet these requirements are suggested in United States Department of Agriculture Circular No. 83, "Testing Farms in the South for Efficiency in Management."

### Garden Seeds Cheaper.

Indication that there is a plentiful supply of garden seeds this spring, with the possible exception of certain varieties of peas, is contained in reports received by the Bureau of Markets, United States Department of Agriculture, from representative seed dealers engaged in whole sale, retail, and mail-order business. Study of several mail-order catalogues indicates that in the majority of cases the prices of seeds are less than for the past two years, the greatest reduction being for cabbage seed. Marked reductions are also shown in the prices for garden beet, carrot, onion, spinach, and English and Swedish turnip seed. An increase of about 15 per cent is noted in the prices for garden peas, while similar increases are shown for muskmelon, summer and winter squash, and tomato seed. This condition should prove favorable to extensive garden planting, which is urged by the United States Department of Agriculture.

Replies to inquiries addressed to representative seed dealers showed that a few in industrial centers, particularly in the East, were selling from 10 to 30 per cent less than last year. The cause, apparently, was the shortage of labor on truck farms. Compared with normal conditions before the war, the reduction in these eastern centers ranges from 10 to 45 per cent.

On the whole the sales to home gardeners seem to be larger than those of last year, ranging from a 5 per cent increase in some sections to 50 per cent in others. Dealers in the most northerly cities were unable to report adequately because the season had not advanced sufficiently at the time replies were sent in.

### Locust Brood Twice Frozen.

People who last year saw the periodical cicada—17-year locust—in countless numbers and later saw the trees all broken and brown as the result, may have difficulty in realizing that this insect is a vanishing species. Yet that is the fact. The

clearing of lands and other causes have already reduced it very greatly and, some time in the remote future, there may be no periodical cicadas. One of the destructive influences is unfavorable weather, though the broods emerge so late in the spring that they do not often encounter freezing. There is, however, at least one notable exception. Brood No. 19 of the 13-year race has encountered freezing weather in Tennessee during two successive appearances. In the middle Tennessee counties in 1894 brood No. 19 appeared in appalling numbers. Freezing weather came about the middle of May and, in many areas, the ground was almost covered with dead cicadas. Most of them had not begun laying. When the brood reappeared in 1907, its numbers in that region were tremendously diminished but, under favorable conditions, it would have reestablished itself. But again, around the middle of May, freezing weather prevailed in middle Tennessee. Brood No. 19 was again frozen before it completed its life cycle. These are the only times on record that freezing has occurred so late in that region.

By these two successive freezes, 13 years apart, it is believed by specialists of the United States Department of Agriculture that the brood may have been exterminated over a large part of the territory it originally occupied in Tennessee. To determine exactly what the effect has been, the bureau will get reports from that section this spring from men who watched the brood there in 1894, the year it was first frozen. Observations will be made at points where the brood developed in countless numbers that year. Brood No. 19 is the largest of the 13-year broods. It has been studied during each of its appearances since 1803 and a complete history of it is kept among the records of the Bureau of Entomology, Department of Agriculture.

### Test Eggs Twice During Period of Incubation.

All eggs should be tested at least twice during the period of incubation, on about the seventh and fourteenth days, and the infertile eggs and those containing dead germs removed, say poultry experts of the United States Department of Agriculture. While eggs can be tested on the fourth or fifth day, but the development in eggs having brown shells often can not be seen by the use of an ordinary egg tester until the seventh day.

Eggs containing dead germs soon decay and give off a bad odor if allowed to remain in an incubator. Most incubator companies furnish with their machines testing chimneys which will fit the incubator lamps. Electric or gas lamps may be used in a box with a hole slightly smaller than an egg cut in the side of the box and at the same level as the light.

A good homemade egg tester or candler can be made from a large shoe box, or any box that is large enough to go over a lamp. It is made by removing the end of the box and cutting a hole a little larger than a quarter in the bottom. When it is set over a kerosene lamp, the hole in the bottom should be opposite the blaze. The lamp chimney should project through the other end of the box or a large enough hole be cut to prevent the box from burning.

The eggs are tested with the large end up, so that the size of the air cell as well as the condition of the embryo may be seen. The testing should take place in a dark room. The infertile egg, when held before the small hole with the lamp lighted inside the box, will look perfectly clear, the same as a fresh one, while a fertile egg will show a small dark spot, known as the embryo, with a mass of little blood veins extending in all directions, if the embryo is living. If the embryo is dead the blood

settles away from it toward the edges of the yolk, forming in some cases an irregular circle of blood known as a blood ring. Eggs vary in this respect, some showing only a streak of blood.

All infertile eggs should be removed at the first test. The eggs containing strong, living embryos are dark and well filled up on the fourteenth day and show a clear, sharp, distinct line between the air cell and the growing embryo, while dead germs show only partial development, and lack this clear, distinct outline.

Most market men are close to the selling end and so are well informed. As a rule they are ready to add by giving information. It is to their interest to serve the growers' interest.

### Farm Labor Efficiency.

Are the man-labor requirements of the productive enterprises of the farm as organized sufficient to make the best utilization of the time of the regular men necessary to operate the farm?

"If on a given farm we find the number of days necessary to do the contract and miscellaneous day wage work and subtract the amount from the total number of days' work required by all the productive enterprises, the remainder will be the number of productive days' work required of the regular men of the farm. 'If we divide this number of productive days' work required of the regular men of the farm by the number of days available for field work at their command, we will get a number expressing the percentage of efficiency with which their time has been utilized.

"For example, a group of five best farms has an average of 4.8 regular men per farm. These men had a total of 1,016 days available for field work. There was a total of 1,184 days' work required by the productive enterprises. Of these, 512 were earned for by contract and miscellaneous hired and family labor, leaving 672 days for the regular men. This means 212 days available per regular man, of which 140 days, or 68 per cent, were required for and utilized on productive enterprises."

This is the system used by farm management specialists of the United States Department of Agriculture in arriving at the percentage of efficiency attained in the use of man labor.

### Family and Farm Supplies.

Is the farm producing such of the family foods as are adapted to local conditions in ample quantities for the welfare of the family?

The value of the family living furnished directly from the farm is one of the important factors determining the amount of the income of the farm and the degree to which the farm business is safe and profitable, says the United States Department of Agriculture. This is especially true of the smaller farms.

The garden and live stock which supply the larger part of the family food are usually cared for at times that interfere comparatively little with the regular farm commercial enterprises, and by labor which otherwise would not be utilized. Further, it has been found that, up to a considerable size of farm business, when the family food is produced on the farm, this item, plus the fuel and shelter furnished by the farm, amounts to an equivalent of the rent for the entire farm or interest on the whole farm investment.

### Products Used at Home Big Item in Farm Income.

Dairy products constitute the most important group of foods, measured in money value, consumed by the average farm family, says the United States Department of Agriculture.

Milk cows are kept practically on all farms. The average farm family uses annually about 2,600 quarts of milk in the form of milk, butter, cheese, or cream.

In dairy regions where milk is shipped or sold to creameries or cheese factories, practically all the butter and cheese used is bought instead of made on the farm. Very few farmers buy whole milk. About four-fifths of the dairy products consumed by farmers are produced on the home farm.

In the South dairy products are used very freely. The common practice is to churn the whole milk for butter, producing a large quantity of buttermilk. The average annual consumption of butter per family is about 230 pounds in the South while for families in the North and West it is less than 150 pounds. It is not unusual for the average-sized family in the South to consume 2,000 quarts of buttermilk a year. Buttermilk is a cooling and healthful drink for that climate.

### Ready for The Hessian Fly

It is likely that more will be learned this year about the Hessian fly than in any year since Gen. Howe's hired Hessians are supposed to have brought the pest to Long Island during the Revolution. There have been numerous destructive outbreaks of the Hessian fly and a great deal has been found out about it, but nobody was in position to do the job properly. Another outbreak is likely this spring and the U. S. Department of Agriculture is ready for it.

Two years ago the appropriation for Hessian fly work was increased sufficiently to provide for the principal needs. Shortly afterwards the Bureau of Entomology established three stations for the purpose of systematic study. They are at Carlisle, Pa., Centralia, Ill., and Weibita, Kan. Each station is equipped with a full set of weather instruments, and several readings are taken each day throughout the year. Sowings have been made at various dates for several years to determine the fly-free period for each year. Experiments have been conducted with many varieties of wheat to determine their fly-resisting qualities. Exhaustive investigations are under way on parasites of the Hessian fly. The main presence or absence of any particular object is to determine what effect the parasite has on periodical outbreaks of the fly.

When the last great outbreak came five or six years ago no such complete preparation for study had been made. If the threatening one materializes this spring the preparation that has been made should result in a number of important studies.

### Are You Happy?

To be happy you must be well. If you are frequently troubled with constipation and indigestion you cannot be altogether happy. Take Chamberlain's Tablets to correct these disorders. They are prompt and effective, easy and pleasant to take.

**48,000**

Drug Stores Sell It.  
Five million people use it to KILL COLDS

**HILL'S CASCARA QUININE**

**BROMIDE**

Standard cold remedy for 20 years—no tablet form—safe, sure, no opiates—breaks up a cold in 24 hours—relieves grip in 3 days. Money back if it fails. The genuine box has a Red top with Mr. Hill's picture.

At All Drug Stores

## CALLED HER FAMILY TO HER BEDSIDE

Six Years Ago, Thinking She Might Die, Says Texas Lady, But Now She Is a Well, Strong Woman and Praises Cardui For Her Recovery.

Royce City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... I commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for

the better. That was six years ago and I am still here and am a well, strong woman, and I owe my life to Cardui. I had only taken half the bottle when I began to feel better. The misery in my side got less... I continued right on taking the Cardui until I had taken three bottles and I did not need any more for I was well and never felt better in my life... I have never had any trouble from that day to this."

Do you suffer from headache, backache, pains in sides, or other discomforts, each month? Or do you feel weak, nervous and fagged-out? If so, give Cardui, the woman's tonic, a trial.

J. 71

## DIRECTORY.

### CIRCUIT COURT.

Judge—R. W. Slack, Owensboro.  
Com'th. Attorney—C. E. Smith, Hartford.

Clerk—A. C. Porter, Hartford.  
Master Commissioner—Otto C. Martin, Hartford.

Trustee Jury Fund—Cal P. Keown, Hartford.

1st Monday in March—12 days—Com'th. and Civil.

1st Monday in May—12 days—Civil.

1st Monday in July—12 days—Com'th. and Civil.

3d Monday in September—12 days—Civil.

4th Monday in November—12 days—Com'th. and Civil.

### COUNTY COURT.

Meets first Monday in each month.

Judge—Mack Cook.

County Att'y.—A. D. Kirk.

Clerk—W. C. Blankenship.

Sheriff—S. A. Bratcher.

Superintendent—E. S. Howard.

Jailer—Worth Tichenor.

Tax Commissioner—D. E. Ward.

Surveyor—C. S. Moxley.

Coroner—E. P. Rodgers.

### FISCAL COURT.

Meets first Tuesday in April and October.

1st District—Ed Shown, Hartford, Route 3.

2nd District—Sam L. Stevens, Beaver Dam.

3rd District—Q. B. Brown, Simmons.

4th District—G. W. Rowe, Centertown.

5th District—W. C. Daugherty, Baize-town.

6th District—W. S. Dean, Dundee.

7th District—B. F. Rice, Fordsville.

8th District—B. C. Rhoades, Hartford, Route 5.

### HARTFORD.

Mayor—J. E. Bean.

Clerk—J. A. Howard.

Police Judge—C. M. Crowe.

Marshal—E. P. Casehler.

### ROCKPORT.

Ch'm'n. Board—W. G. Her.

Clerk—N. H. Bratcher.

Police Judge—S. L. Finkerson.

Marshal—Ed. J. Bratcher.

Clerk—Olla Cobb.

Police Judge—C. P. Kessinger.

Marshal—Grant Pollard.

### OFFICIAL SCHOOL CALENDAR FOR PRESENT YEAR

County Board of Education—E. S. Howard, S. S. O. C.

Div. No. 1—It. A. Owen, Hartford, Route 6.

Div. No. 2—H. C. Lake, Fordsville.

Div. No. 3—Claud Renfrow, Dundee.

Div. No. 4—Robt. Goff, Rosine.

Div. No. 5—Otis Stevens, Beaver Dam.

Div. No. 6—Nat Lindley, Centertown.

County Board of Examiners: E. S. Howard, Mrs. Birdie Midkiff and Ira Jones.

Teachers Institute, Sept. 13th—17th.

### EXAMINATIONS

Common School Diploma May 14 and 15 at Hartford, Beaver Dam and Fordsville.

May 21 and 22—County Teachers' Examination at Hartford, (White).

May 28 and 29—County Teachers' Examination at Hartford, (Colored).

June 18 and 19—County and State Teachers' Examination at Fordsville, (White).

June 25 and 26—County and State Teachers' Examination at Hartford, (Colored).

Sept. 17 and 18—County and State Teachers' Examination at Hartford, (White).

Sept. 24 and 25—County and State Teachers' Examination at Hartford, (Colored).

Every Woman Wants  
**Paxtine**  
ANTISEPTIC POWDER  
FOR PERSONAL HYGIENE  
Dissolved in water for douches stops pelvic catarrh, ulceration and inflammation. Recommended by Lydia E. Pinkham Med. Co. for ten years.  
A healing wonder for nasal catarrh, sore throat and sore eyes. Economical. Has extraordinary cleaning and germicidal power. Sample Free. 50c. all druggists, or sent by mail. The Paxton Toilet Company, Boston, Mass.

**Electric Bitters**  
Succeed when everything else fails. In nervous prostration and female weakness they are the supreme remedy, as thousands have testified.  
**FOR KIDNEY, LIVER AND STOMACH TROUBLE**  
It is the best medicine ever sold over a druggist's counter.

**MY HEAD!**  
When the head feels thick or aches, when one feels all out-of-sorts—perhaps a coated tongue—it is the signal that poisons are accumulating in the system, and should be cleaned out at once.  
Auto-intoxication can be best ascribed to our own neglect or carelessness. When the organs fail in the discharge of their duties, the putrefactive germs set in and generate toxins—actual poisons, which fill one's own body.  
Sleepiness after meals, flushing of the face, extreme lassitude, biliousness, dizziness, sick headache, acidity of the stomach, heartburn, offensive breath, anemia, loss of weight and muscular power, decrease of vitality or lowering of resistance to infectious diseases, disturbance of the eye, dyspepsia, indigestion, gastritis, many forms of catarrh, asthma, ear affections and allied ailments result from auto-intoxication or self-poisoning.  
Take castor oil, or procure at the drug store, a pleasant vegetable laxative, called Dr. Pierce's Pleasant Pellets, composed of May-apple, aloes and jalap.

Mothers use  
**Frey's Vermifuge**  
For the Children  
A Safe Old Fashioned Remedy for Worms  
Seventy-five years' continuous use is the best testimonial. FREY'S VERMIFUGE can offer you.  
Keep a bottle always on hand. It will help keep the little ones happy and healthy.  
30c a bottle at your druggist's or general store; or if your dealer can't supply you, send his name and 30c in stamps and we'll send you a bottle promptly.  
E. & S. FREY, Baltimore, Md.

**WILL YOU TAKE OUR GERMINAL REMEDY**  
A Treatment for WEAK LUNGS or CONSUMPTION  
**FOR ONE MONTH**  
A quick relief for that tired, run-down feeling, cough, pain in chest, night sweats, hemorrhages, weak lungs or consumption. It does not help you if it costs you nothing.  
**OHIO MEDICAL CO.** LOCK BOX 616 COLUMBUS, O.

**USE LIV-VER-LAX**  
For Lazy Liver and the Troubles of Constipation.

Feel right all the time. Don't lay off from work for days by taking calomel when pleasant **Liv-Ver-Lax** keeps you on your feet, while relieving your trouble. Safer too, and easy to take. Don't take anything else. You can't afford it. Eliminates poisons, cleanses system and relieves constipation. A natural remedy, natural in its actions, sure in its effect and certain in results. It won't be long before **Liv-Ver-Lax** will completely displace calomel in every home. Children can take it freely and with perfect safety. Every bottle guaranteed. 50c and \$1 in bottles. None genuine without the likeness and signature of L. K. Griggsby. For sale by J. M. WILLIAMS, - Hartford, Mo.

## It's dollars to doughnuts—

no man ever smoked a better  
cigarette at any price!

**CAMELS** quality, and their expert blend  
of choice Turkish and choice Domestic  
tobaccos hand you a cigarette that will sat-  
isfy every smoke desire you ever expressed.  
You will prefer this Camel blend to either  
kind smoked straight!

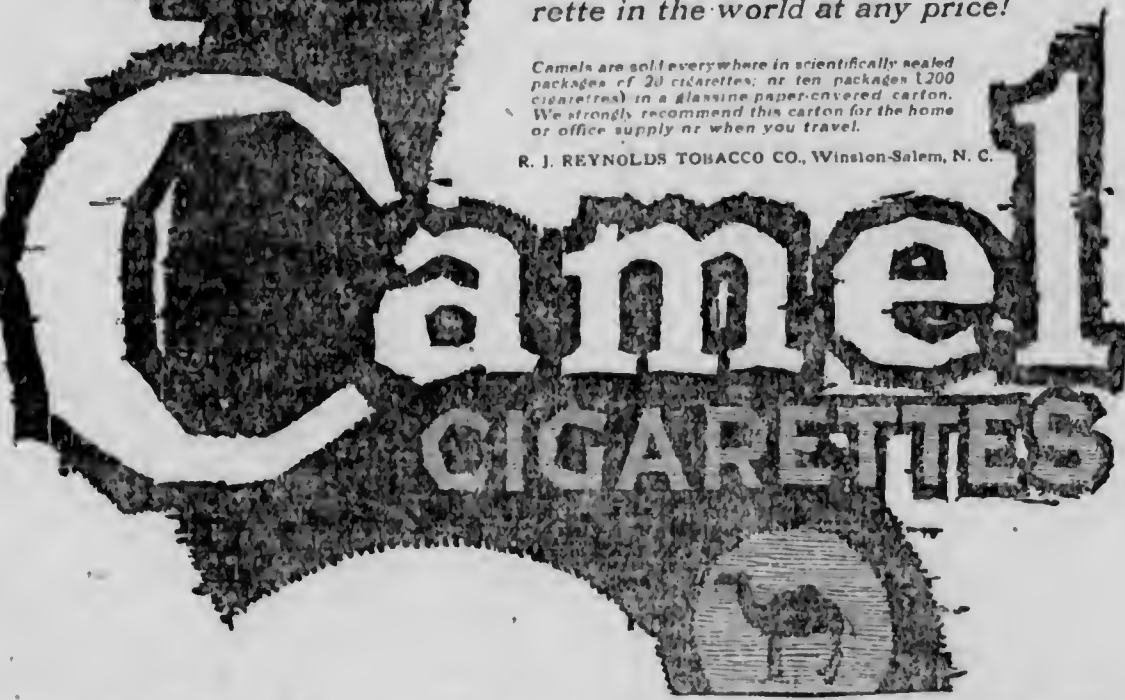

Camels mellow-mildness will certainly  
appeal to you. The "body" is all there, and  
that smoothness! It's a delight!

Go the limit with Camels! They will not  
tire your taste. And, they leave no unpleas-  
ant cigarette aftertaste nor unpleasant ciga-  
retty odor!

Just compare Camels with any ciga-  
rette in the world at any price!

Camels are sold everywhere in scientifically sealed  
packages of 20 cigarettes, or ten packages of 100  
cigarettes in a glassine paper-covered carton.  
We strongly recommend this carton for the home  
or office supply as when you travel.

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

## "WORK," SAYS EDISON

America's "electrical wizard,"  
Thomas A. Edison, has celebrated an-  
other birthday, his 73rd, and he pro-  
claims to the world that he is "still  
going strong." A few years ago he  
announced his intention of being  
 hale, hearty, and hard-working at the  
 age of 85. Now he sees no reason  
 why a man should not live as long  
 as the redwood tree of California, a  
 matter of several thousand years.

"Hard work is the secret of success  
 and happiness," is Mr. Edison's con-  
 clusion and he is pinned to see a ten-  
 dency on the part of young men to be  
 shirkers. He is glad the eight-hour  
 day was not invented when he was  
 a young man, for he does not think  
 that he could have accomplished a  
 great deal on that basis. He puts  
 in from 16 hours up.

Another trouble with Americans

## Has Winter Worn You Down?

Sickness That Lingers, or Strain of  
Curling for Others, Makes Spring  
Days Dangerous.

### GET BACK YOUR STRENGTH

Red Blood Means Old-time Vigor, and  
Pepto-Mangan Builds Rich,  
Red Blood

Perhaps you've been ill this win-  
ter—or others in the family have,  
and you've worn yourself out with  
extra burdens. And now your  
strength is slow to return.

Week after week you've felt too  
tired for anything, and have looked  
it, too—color bad, eyes dull, and no  
enthusiasm.

When you don't feel well you are  
not well. Probably what you need  
right now is the good blood tonic,  
Pepto-Mangan. Physicians every-  
where recommend Pepto-Mangan for  
run-down anemic people. Ask your  
doctor about it. Pepto-Mangan sup-  
plies the things that blood-starved  
people lack. It puts iron and vigor  
in the blood. It paints the cheeks  
in Nature's way, and restores the  
heart's appetite.

The blood is naturally sluggish in  
the Spring and the whole family  
would profit by taking Pepto-Mangan,  
which tones up and builds up. It is  
pleasant-tasting and soon makes you  
feel better. Your own druggist has  
it ready for your call, and in both  
liquid and tablet form, just as you  
prefer.

Hint to be certain that you get the  
genuine Pepto-Mangan, ask for it by  
the full name, "Gude's Pepto-Man-  
gan. Look for the name 'Gude's' on  
the package.—Advertisement.

according to the great inventor, is  
overeating. We eat about three  
times as much as is good for us, he  
says. One pound and a half daily is  
what Mr. Edison allows himself, and  
he proves that great work can be  
done on that amount by doing it.

### Look out For These So-Called "Coffee Beans."

The Department of Agriculture  
warns buyers against two so-called  
coffee beans—the South American  
"coffee bean" the other as "new coffee  
bean," which are being exploited by  
extravagant statements in advertise-  
ments. The former is the jack bean  
the latter the soy bean. Both are  
well-known plants, and there is no  
justification, says the department,  
either for extravagant advertising  
under new names nor for exorbitant  
prices for the seed.

The use of the seeds of various leg-  
umes and cereals as coffee substi-  
tutes is not new. Legumes which  
have been used or exploited as coffee  
beans include the soy bean, cowpea,  
chick pea, horse bean, and jack bean.  
Other legumes used to some extent as  
coffee substitutes, all of which are  
native species and commonly known  
as coffee plants, are coffee berry or  
coffee weed, coffee bean plant or ber-  
ry, and the Kentucky coffee tree. The  
seeds of a few of these legumes, es-  
pecially the soy bean, possess some  
merit as coffee substitutes, but the  
desirability of any is a matter of in-  
dividual taste. This use has led to  
the extensive advertising of such  
seeds at various times under mislead-  
ing names by enterprising individuals  
and even to their large use as adulter-  
ants of the true coffee.

The soy bean, almost since its in-  
troduction into America, has been  
exploited at different times as "cof-  
fee berry," "coffee bean," "new cof-  
fee plant," "domestic coffee berry,"  
and "new domestic coffee berry." For  
many years the soy bean has been  
used to a slight extent in Europe,  
especially Switzerland, as a substi-  
tute for coffee. In Japan and south-  
ern Russia the soy bean is prepared  
as a coffee substitute and placed on  
the market. This product is ground  
very fine and has much the same ap-  
pearance as coffee.

For those who desire a substitute  
for coffee as a drink, the dry beans  
of any variety of soy bean, when  
properly roasted and prepared, may  
be used. Prepared as coffee, the  
soy bean gives a liquid which in color  
and aroma is similar to coffee, but  
it has no stimulating effect. Many  
people fond of cereal drinks think  
the soy bean coffee fully equal to the  
cereal coffee substitutes.

The use of the jack bean for "near"  
coffee is not a new thing, and its  
merit for this purpose is no greater  
than that of many other beans. For  
forage, the jack bean is not equal to  
the soy bean, velvet bean or cowpea,  
and thus far it has not shown that  
it is of any particular value in Ameri-  
can agriculture.

## DAY SPENT IN ROLL CALLS

In one afternoon during the pres-  
ent session of congress there were  
five roll calls in the house. Clerks  
estimated that they called 5000  
names, and members did little more  
than answer "here." The cost of a  
roll call in the house has been calcu-  
lated to be \$1,314. One member,  
Representative Blanton, of Texas,  
by making the point of order of no  
quorum, was responsible for these  
five calls, and for the consequent cost  
to the government of \$6,570. While  
this is the record day for roll calls,  
it is by no means unique. Such de-  
lays and waste of money are fre-  
quent. And it was found that up to  
a recent date one-fourth of all the  
roll calls had been insisted upon by  
one member. Senator La Follette in-  
voluntarily cured the senate some  
time ago of permitting indiscriminate  
roll calls upon the request of a single  
member. While engaged in making  
a speech lasting several days, the  
senator, in order to force the others  
to listen to him, or to get a breath-  
ing spell, asked frequently for a roll  
call, which was his privilege. The  
vice-president finally ruled that the  
senator was not in order with his  
requests and the ruling was sustained  
by the Senate.

## WILD GOOSE HITS PILOT

While 4000 feet above the earth  
an airman in North Dakota ran into  
a flock of Canadian wild geese. He  
tried to dive under them, but one of  
the birds struck the pilot on the head  
and rendered him unconscious. The  
plane passed out of control and did a  
tail-spin toward the earth. After  
dropping 3000 feet, however, the pil-  
ot recovered and righted his ma-  
chine.

## KEELEY INSTITUTE CLOSES

As a result of prohibition, the  
Keeley Cure Institute at Dwight, Ill.,  
the most famous sanitarium in the  
world for alcoholism, has gone out of  
business for lack of patients. The  
great plant will be taken over by  
the government as a reclamation sta-  
tion for crippled soldiers.

## A FAMILIAR PIECE

Cameron—(inspecting the newly  
furnished dining room in Letson's  
house). It's fine, old man! There's  
something about it that makes it  
look homelike.

Letson—I guess it's the sideboard,  
Cam. It's the one that used to be be-  
hind Tim Leary's bar.—Judge.

Opportunities approach only those  
who use them.—Emerson.

To read without reflecting is like  
eating without digesting.—Burke.

**Children Ory  
FOR FLETCHER'S  
CASTORIA**

## GOODYEAR PEOPLE TO GIVE SCOUTS OUTING

Fifty of Akron's Boy Scouts will  
make an automobile pilgrimage to  
the grave of Theodore Roosevelt, at  
Oyster Bay, L. I., on July 1, to pay  
homage to "The Great American"  
and all that his ideals, courage and  
spirit of adventure stood for in the  
minds of the youth of America.

At the shrine of the lion-hearted  
American, the memory of whom will  
never dim, the scouts will hold a  
short service and pay silent tribute  
to the great leader of men whose life  
was an inspiration to the youth of the  
land.

The third annual trip to be given  
the Boy Scouts of The Goodyear Tire  
& Rubber Company, will begin on  
June 26 and end on July 10. Selec-  
tion of the 50 boys will be made with-  
in the next two months at a field  
day when various scout troops in  
Akron will designate their best  
scouts to take a competitive test of  
the scout work. The 50 who rank  
highest will be chosen to make this  
pilgrimage.

Unlike last year, the trip will cov-  
er an entirely different section of  
country. The big, pneumatically  
cushioned trucks from the company's  
Akron-Boston freight line will carry  
the boys 90 miles a day, with four  
hours travel in the morning and  
two hours and a half in the afternoon.  
This is to avoid fatigue and to allow  
time for fun and relaxation each day.

From Akron the trucks will travel  
to Pittsburg, Bedford, Gettysburg,  
Philadelphia and New York, with  
stop-over at Oyster Bay. Perhaps the  
most pleasant and eagerly anticipated  
part of the trip will be the three-  
days' stop at the national Boy Scout  
camp at Bear Mountain, near West  
Point, N. Y. Here the boys will  
mingle with scouts from other sec-  
tions of the country, compete with  
them in athletics and make new ac-  
quaintances.

On July 2 the return trip will be  
started by way of Goshen, Elmira,  
Avalon, Buffalo and Niagara Falls,  
where the boys will be allowed time  
to view the mighty waterfall. Erie  
will be the final stop before arrival  
in Akron.

The itinerary will take the cars  
over the splendid roads of the Lin-  
coln Highway and through country  
famous for its scenic beauty. Camp  
will be made early each day so that  
the best sites may be selected and  
plenty of time be afforded to take  
every advantage of the rolling kitch-  
en that will accompany the truck  
train.

Interest in the trip is intense and  
the rivalry for selection as members  
of the party has given a tremendous  
impetus to perfection in scout work.

## How Diphtheria Is Contracted.

One often hears the expression, "My  
child caught a severe cold which de-  
veloped into diphtheria," when the  
truth was that the cold had simply  
left the little one particularly suscep-  
tible to the wandering diphtheria  
germ. If your child has a cold when  
diphtheria is prevalent you should  
take him out of school and keep him  
off the street until fully recovered, as  
there is a hundred times more dan-  
ger of his taking diphtheria when he  
has a cold. When Chamberlain's  
Cough Remedy is given it quickly  
cures the cold and lessens the danger  
of diphtheria or any other germ  
disease being contracted.

## 2,000 SEE NEGRO HANGED.

San Augustine, Tex., March 23.—  
Two thousand persons saw John  
Hood Price, a 43-year-old negro, leg-  
ally hanged on the public square  
here today, following his conviction  
last night of the murder of John  
Kennedy, a farmer. There was no  
demonstration.

## FEAR EXHAUSTION OF RADIUM SUPPLY

Londoa, March 27.—European  
physicians and surgeons are becom-  
ing seriously alarmed at the prospect  
of early exhaustion of the world's  
supply of radium. While the de-  
mands of scientists and medical men  
for the mysterious mineral are rap-  
idly increasing, the supplies are be-  
coming increasingly harder to find.  
Ores from which it was hoped radium  
might be extracted have proved value-  
less.

It takes scores of tons of ore to  
yield a single gram of radium and a  
vast amount of labor recently has  
been expended on the extraction pro-  
cess without obtaining even a frac-  
tion of a gram. A great advance in  
the price of radium, which is now  
\$8,000 a gram, is expected in the near  
future.

In preparation for a famine of the  
previous mineral the British Radium  
institute is preparing a weak solution  
of radium, which gives off invisible  
emanations. The latter are being  
bottled and supplied to doctors.

## Wild Herds Increase

In the 10 years since the Montana  
National Bison Range was establish-  
ed the 37 buffaloes with which the

# GOFF'S

## The Original No-Dope COUGH SYRUP

**K**EEP a bottle in the house all the time. It is sure, safe  
protection against Colds, Coughs, Whooping Cough,

# SPOT-LAC

**Makes Floors Shine  
Covers All Blemishes**

That scuffed and dingy floor that's  
been getting on your nerves will take on a  
new lustre if you treat it to a coat of Spot-  
Lac.

It's the same with furniture that's a  
trifle soiled, but perfectly good.

And best of all, the Spot-  
Lac is of the celebrated Red  
Spot family.

Ready for instant use.

**ACTON BROS.,  
HARTFORD, KY.**

herd was started have increased to  
296. In addition there are on the  
range 125 elk (not including calves  
of last year), 33 antelope and 13  
mule deer. It is believed that the  
range is large enough to support 300  
bison, 400 antelope, 500 deer and  
800 elk.

**Advertising Helps Farming**  
Not long ago a South Dakota farm-  
er gave a country editor in his vicini-  
ty one of the surprises of his life.  
Stepping into the editor's office he  
announced briskly: "I want to con-  
tract for some space in your paper

weekly for the coming year."

The editor gasped but then smiled  
happily.

"I always have something to sell  
or trade or else I want to buy some-  
thing," the farmer continued, "and  
so I want this space reserved for me.  
That will save my running to town  
every time I have an advertisement  
to insert. Regular advertising is the  
sort which gets results."

That editor is losing no opportunity  
to point out that in one very real  
sense a farmer is a business man and  
can promote his business by intelli-  
gent systematic advertising.

## BEADS ODDLY STRUNG

(By I. D. Claire.)

Fluke's mention last week that he was no longer necessary for the occasion to turn his glass down as a polite refusal to drink wine reminds me of my first experience at a banquet. It was at the Old Inn in Louisville, then the Seelbach, and the crowded holsters in the city, at a French banquet. I was recently from the states and not skilled in the art of banqueting. William Henry Jones, editor of the Glasgow Republican, sat opposite me and I knew William Henry was an oldtimer, so I thought I would follow him. When he turned his wine glass upside down I did likewise and to my severe disappointment everybody was served wine that William Henry and myself. Fortunately it was a five course dinner and, desiring the leadership of the Glasgow editor, I got four glasses of wine after all, but I have had a experience against William Henry Jones every since.

It isn't fair to boast over an unbecomable friend, but I can't resist the temptation to brag to Fluke that I was up here where the hills are all carpeted with the wonderful bluegrass and that liquor is as plentiful as branch water. And you don't have to buy it either. There are some folks who seem to have an insatiable supply of it, and when they drink, don't like to drink alone, as Ella Wheeler Wilcox didn't say.

I don't know whether you folks know where know much about that Jesse McCracken's Jefferson county reputation or not, but when over at Louisville recently I ran into some of his old neighbors and found out all about it, and much to my surprise it was good. But I'll be darned if I didn't always think the fellow looked suspicious.

Examiners are not all ungrateful. When I was standing on the street in Louisville, talking with that prince of the Knights of the Grip, Coleman Howell, when he spied Rex Arbuckle, Beaver Dam Rex, sitting in a spot on the other side of the street, and on his motion we walked across the street and gave Rex a royal greeting.

Only a few hours ago I dropped into one of the big banks of Louisville and spent a pleasant half hour with one of its officials—mind you, I was calling no names, and we incidentally discussed Fluke and Doc and Emma, and to what a low ebb fish-bug had fallen at the mouth of Grass.

The dear old Republican is just like a letter from home each week. Fluke's mention last week of locking the door and pulling the blinds down at the office just made my mouth water in thinking of oldtimes. But I would not help wondering where the thunder he gets it now?

There was one member of the recent legislature who seemed to get more attention from the lady lobbyists than all the other members put together, and spent a lot of his time gallivanting around with them. But I don't use calling names and, besides, I like like, anyhow.

I called Fluke on long distance and cautioned him to be careful lest Bessie Nell sued the paper for his

reputation, but Fluke said if it was a fair jury and the paper lost the suit it could break even by failing to take lee one morning.

Fluke, please tell Duke to fix that "timplin" sheet, or move these beads about a column to the right.

## TO OWNERS OF UNTAGGED DOGS

The law makes it the duty of every citizen, both old and young, to pay the special tax on their dog or dogs and as visible evidence that you have complied with the law, your dog must wear a tag. Most all of the people want to be law-abiding and all of us ought to be, but if we fail or refuse to comply with this special statute, to that extent we are violators of the law, even though we think but little about the matter. You are being criticised, the County is being criticised and I am being criticised, and, for my part I am resolved to perform my duty.

You may pay the tax and procure a tag for your dog, if you own only one male dog, for \$1.00, by calling in person on the County Clerk. If you attend to the matter by mail the cost is only 2 cents extra. Now don't neglect this matter any longer, if you have not procured the tag for your dog do so, do it now, before proceedings are instituted against you. If the matter of your failure is brought before the County Judge you may count yourself lucky to escape under \$25.00, and almost as certain as fate you will be caught in the net, because we are going to, as stated above, perform our duty as Sheriff. We must do it and you know what will follow. Don't be surprised to see one of my Deputies or myself any day. We are going after all alike.

S. A. BRATCHER,  
Sheriff Ohio County.

## CENTRAL GROVE.

Little Alma Louise Tichenor is very ill at this writing.

Mr. and Mrs. Joy Porter, of McHenry, visited his father and mother, Mr. J. L. Porter, recently.

The people of this place are glad to know that Erasmus Bishop has quit going to B. D., if it has anything to do with the pretty weather.

Miss Nellie Roeder has returned to school again after two weeks' absence on account of the illness and death of her brother-in-law, Birch Martin. Mrs. Noel Tichenor died at the home of her brother, Mr. Birch Martin, March 19th. She leaves a husband and three little girls to mourn her loss.

Mr. Birch Martin died at his home Sunday March 21, of influenza and pneumonia. He is survived by his wife, two sons and one daughter. The remains were laid to rest in the Central Grove burying ground, on the following day.

## NOTICE

The Ohio County Fiscal Court will receive bids on not less than two nor more than four tractors, for road work, all bids will be received and opened on the 6th day of April, 1920. OHIO COUNTY FISCAL COURT.

By W. C. Blankenship, Clerk.

The first long distance into tour from Cleveland to New York was made in 10 days.

In 1898 gasoline sold for six cents a gallon.

## DUKEHURST.

Mr. M. H. Combs went to Owensboro Tuesday on business.

Mr. J. W. Carter went to Fordsville Wednesday, on business.

Mr. Elijah Morris was in Owensboro Saturday, on business.

Mr. Arvin Willis, of Owensboro, was the guest of relatives at Sunnydale, this week.

Mr. Alva Wade, of Indianapolis, Ind., is here for a visit with his sister, Mrs. W. K. Hardin.

Mr. Harland Murphy left here this week for Bowling Green, where he will seek employment.

Mrs. Lon Ralph, of Hartford, spent Saturday and Sunday here, with her sister, Mrs. Tone Baughn.

Messrs. W. K. Hardin and Onis Whitehouse went to Owensboro this week, with a load of tobacco.

Mrs. Frank Coppage, of Dundee, visited her daughter, Mrs. Onis Whitehouse, here this week.

Mr. and Mrs. Finis Wallace left Hartford Tuesday, for Akron, Ohio, where they will probably locate.

Mrs. Magnolia Smith, spent from Saturday until Monday at Hartford, the guest of her daughter, Mrs. Jesse Casebier.

Mrs. J. T. Hoagland and son, and mother, Mrs. Dudley Ford, of Fordsville, are visiting relatives near here, this week.

Mr. and Mrs. Rosal Park spent last Sunday at Cromwell, the guests of their sister, Mrs. W. C. Wade, and Mr. Wade.

Mr. and Mrs. Stenson Park, of Clear Run, and Miss Gladys Bennett, of Hartford, spent the week-end with Miss Alma Baughn.

Mr. William Hines, of Arkansas, visited relatives in this vicinity last week. He was accompanied home by his nephew, Jethro Lee.

Mr. and Mrs. Lester Arbuckle, of William's Mines, have returned to their home, having been called here by the death of their father, Mr. J. W. Vance.

In 1906 the Goodyear Tire & Rubber company made but 25 tires a day. It now makes 43,000.

## FOR SALE.

Large Saddle and harness Horse, safe and gentle. Will sell cheap.

Address: P. O. Box 353, Hartford, Ky. 4012

## GERMANY

So crowded are housing conditions in Coblenz where American troops are stationed that in many cases an American family and a German family are quartered in the same house or apartment and use the same kitchen. There is scarcely a house in the city that is not giving shelter to one or more allied soldiers or members of the Rhineland commission.

At present there are some 15,000 U. S. troops stationed in the bridgehead area. Approximately 200 American officers and their families are living in Coblenz and the war department at Washington had just decided that owing to the congestion in the city no more officers are to be permitted to bring their wives or families from America until conditions improve.

## EXTINGUISH 15-YEAR FIRE

The fire which has been raging underground at the Birard Mammoth colliery, Raven Run, Pa., for 15 years has at last been brought under control. It is expected to reclaim hundreds of thousands of tons of anthracite from the burned area.

No woman has entered the convent of St. Catherine, on St. Sinai, for more than 1,400 years.

The oil lost annually by the burning of oil wells is equal to nearly 2,000,000 barrels.

## LIVIA, ROUTE 2.

Mr. Joe Simmons, of Owensboro, was in this community last week.

Mr. L. P. Bennett, of Hartford, R. 7, was in this community Sunday.

Mr. Willie Bartlett made a business trip to Owensboro, Saturday.

Miss Ophelia French is spending this week with friends near Hartford.

A birthday dinner was given at the home of Mr. R. R. Cundiff Sunday, March 28th, it being Mr. Cundiff's birthday. Only his children and their families were present.

Mr. Jimmie Bartlett, of this community, has decided that he can not raise a crop this spring and go to Glenville every day, so he has brought his lady friend to this neighborhood to live. We all agree with him that it is a very good plan if he didn't want to make a failure on a crop.

The first transcontinental run from New York to San Francisco was made in two months.

## TAFFY

A few more pretty days and we will begin to see the new buggies and

Route 7, -Hartford, Ky.  
Home Phone 108—4 rings.

## ROSINE

Farmers in and around Rosine are very busy now, preparing for a crop, since the heavy rains have ceased.

Mr. John Pierce, of Horse Branch, has sold his property and located at Beaver Dam. He is now in Rosine, visiting friends and relatives.

Rev. Marlow and Rev. Fielden are conducting a series of meetings at Salem, with great success. Old Salem is alive once more for God.

Sunday School was organized at the local Baptist Church last Sunday. Everybody cordially invited to attend each Sunday.

Mr. Lyle Emery has opened up a full line of groceries in Rosine, while rumor says the Produce House here, managed by Mr. Balze, has changed hands, to Mr. Tom McQuady.

## CLEAR RUN.

Mr. Charlie Trogdon is on the sick list this week.

Mr. James Kirk, of Taffy, visited friends at Barnett's Creek Sunday.

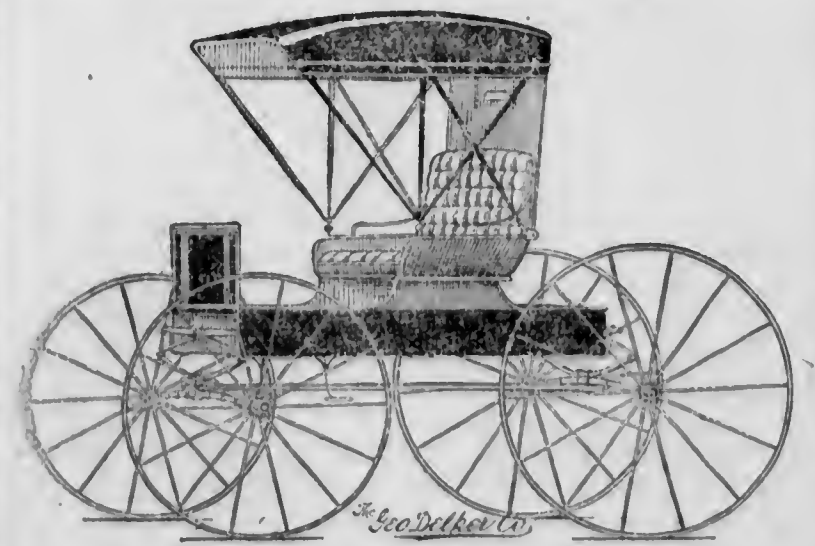

Mr. Kate Higgs, of Heflin, visited friends here and at Taffy the latter part of last week.

Mrs. Rebecca Murry will visit her daughter, Mrs. Sallie Lelsuro, of Owensboro, this week.

Mr. and Mrs. Tom Hanley are the proud parents of a new daughter, who arrived one day last week.

Mrs. Effie Stewart is confined to her room, suffering with rheumatism. Mr. Lee Johnson met with a very painful accident Tuesday, while pulling brush, a limb struck him in the eye.

## George Delker Buggies!

Spring is here, and the roads will soon be fine. So get that Geo. Delker Buggy while getting is good. We have a good stock now, but are not assured of prompt delivery in the future.

**ACTON BROTHERS**

Hartford, Kentucky.

## BIG LAND SALE

On May 27th, 1920

At 1:30 O'clock P. M.

There will be sold at Aberdeen, in Butler Co., Ky., about 1,400 acres of Coal, Timbered and Farming Lands, known as the Aberdeen Coal Co. Land, and the Aberdeen Ferry at public auction to settle the estate of the late Mrs. N. J. Wilford. This land is located on Green River just below Morgantown, and is the land on which the Aberdeen Coal Mine was once operated. It is said that there are good prospects for oil upon it.

There is a good farm in operation upon this land with farm houses and out buildings.

The Aberdeen Ferry is equipped with new ferry boat and will be sold including ferry house and a small piece of land on east bank of Green River separate from the main body of the land.

For particulars, address

**DENNY P. SMITH, - Executor**  
CADIZ, KENTUCKY.
